Introduction

1 Coaching for development

When it comes to developing your team and fostering their success, it's important to cater to their specific needs around their performance.

Coaching Performance

2 Fundamentals of coaching

When it comes to coaching, there are some basics that can be helpful to discuss.

3 Coaching for performance

Specifically, when coaching for performance, you have clear goals that you're helping your employees strive towards.

4 Coaching high performers

When you have a high performer on your team, it's important that you work with them in a way that keeps them high-performing and doesn't burn them out.

5 Coaching low performers

If someone on your team isn't performing up to standard, you play an important role in helping them get back on track.

6 Coaching performance over time

Over time, you'll want to conduct check-ins, deliver feedback, and praise your employees when coaching them.

Conclusion

7 Time to start coaching

Thanks for watching this course! Now, you should feel confident in your ability to coach your team to achieve peak performance.
